PROFESSIONAL SUMMARY

Exploring the world of Information and Technologies; Registered as a Frontend Developer; I am a Computer Engineering post graduate from TINT, Kolkata. I have an interest in React JS, HTML, CSS, & C programming as well as Python. Technology excites me and I am always in awe of the change it drives in the world. Certain skills that I have worked with include React JS, Node JS, Firebase & Python. And what I might lack in skills I make up for with my determination to learn. Outside of tech, I am a tea lover, spend time with friends and love to watch movies.

Percentage : 53%

2005 - 2017

Secondary

Uttarpara Children's Own Home / India, Kolkata

Percentage : 63%

ACADEMIC PROJECTS

2024 - 2024

EV Charging Station Finder App

This project aims to create an easy-to-use app for electric vehicle drivers to find nearby charging stations, reducing range anxiety. It provides real-time station info, charger types, and navigation integration for smoother trips.

- **Skills Used** : React Native JS, Node JS, Firebase, Place API, Expo.
- **GitHub Link** : https://github.com/Aritra45/EV-Charging-Station-App

2023 - 2023

Retail Management System

The objectives focus on developing a dynamic pricing system that responds to market demand and includes a search function for product availability. Additionally, it aims to facilitate product management actions, streamline customer billing, and support multiple users across different systems.

- **Skills Used** : React JS, NodeJS, MongoDB, Express.
- **GitHub Link** : https://github.com/Aritra45/POS-System

2021 - 2022

Online Voting System

The project's objective is to evaluate the existing voting process and create an automated online voting system. It also aims to validate voter eligibility to ensure a secure and fair voting experience.

- **Skills Used** : HTML, CSS, JavaScript.

2021 - 2021

Online PG Booking

The project's goal is to develop an online platform that allows users to search for accommodations, including private hostels and campus shops,

SKILLS

- React JS   Skillful
- Node JS   Skillful
- HTML   Experienced
- CSS   Experienced
- Firebase   Skillful
- C Programming   Skillful
- Python   Skillful
